Dear Educators and School Leaders,

We are pleased to announce the upcoming Common Core Boot Camp, taking place on Saturday, April 4, 2026, on the campus of the American International School of Jeddah, KSA.

Founded in 2019, Common Core Boot Camp has positively impacted thousands of teachers, counselors, and school leaders across the UAE and the wider region, offering practical strategies and innovative approaches to strengthen teaching, learning, and leadership.

Boot Camps are also days of empowerment, where networking, collaboration, and a strong sense of community take center stage. This Jeddah event marks our first Boot Camp outside the UAE, and we are excited to bring this impactful professional development experience to educators throughout the Kingdom of Saudi Arabia.

We look forward to your participation and to welcoming schools from across the region to this milestone event.
